

REMINISCENT of the famous photo of the Marines raising the American flag on Mount Suribachi to signify final conquest of Iwo Jima during World War II, four members of the Palm Springs Debs lift Old Glory in the Palm Springs Center in an effort to spur this community into unanimous observance of Flag Day. (Desert Sun Photo).

## Elks Lodge Plans Village-Wide Flag Day Display

Francis J. "Pat" Cohen, Exalted Ruler of the Palm Springs Elks Lodge, today called for a community-wide demonstration of loyalty to flag and country on Flag Day Thursday June 14.

Cohen urged every citizen to cooperate in the Elks' campaign by flying the Stars and Stripes in commemoration of the 179th anniversary of the flag's adoption by the Continental Congress on June 14, 1777.

The Elks' leader appealed to all civic, fraternal and patriotic groups in the city to fly the flag on its birthday as "an effective way of reaffirming our belief in the American tradition of freedom and self-government."

A special program has been arranged by Jack Riordan, Elks Flag Day chairman, to take place at the Polo Grounds Ball Park, Thursday evening at 7:30 p.m.

The program will include the posting of flags by the three veterans organizations and the Boy Scouts. The history of the flag will be delivered by Arnold Rummel with the presentation of each flag by the Los Compadres Club.

A short address will be made by Bruce Thomas, international traveler and lecturer, on "What it means to live under the American flag around the world."

Warren Haber, winner of the Palm Springs Junior High School Flag Essay Contest and Joe H. Leonard, Jr., winner of the Palm Springs Senior High School Flag Oratory Contest will be presented. Both contests were under sponsorship of the local lodge.

The public is invited to attend this first public observance of Flag Day in Palm Springs. There will be no admission charge.

Immediately following the flag day exercises there will be a softball game between the Desert Nite Hawks and the Palm House.

**Harry Oliver**  
the old  
Mirage Salesman  
tells this

**LIES CAN BE IMPORTANT**

Matt Weinstock had the following in his column back in May of 1952.

"Desert rat Harry Oliver is sad at the way the Russians are winning the lying war. Out in Borego desert, where liars are liars, they'd hardly qualify for the consolation prize. In fact, Harry thinks some of the champion desert deceivers could manufacture propaganda lies that would wilt all the cabbage in Russia, turn all the vodka into steam and cover the Siberian steppes with sand dunes."

I think our politicians only tell lies about each other . . . "Lackadaisically."

## Selection Of Miss Palm Springs Due At Chi Chi Thursday Night

Five Beauty Judges are going to have a difficult time Thursday selecting one of four girls as Miss Palm Springs of 1957.

Candidates for the title, all of them beautiful girls, were the winners in four separate elimination contests held in the Starlite Room of the Chi Chi.

**THE GIRL** who will be crowned Miss Palm Springs of 1957 tonight will go on to Hollywood where she will compete for the title of Miss California June 30. The competition there will be keen with beautiful girls from throughout the state competing for that honor.

The winner in Hollywood will then be eligible to compete in Long Beach for the title of Miss United States and then Miss Universe of 1957 with motion picture contracts and other awards awaiting the winner of these two titles.

MEANWHILE in the Starlite

## Playshop Here To Begin Season Week of June 25

City recreation superintendent Howard Haddock announced today that a Summer playshop would soon be inaugurated in the Village.

Under the direction of the recreation department and the Parent-Teachers Association the program will be coordinated with City Manager R. W. Peterson and will extend over a six-week period. The Summer Playshop will be held at the Palm Springs Playhouse and will start the week of June 25.

Programs which are still in the planning stage, include orchestra and chorus groups for intermediate and advanced students, with Hugh Givens as instructor; Modeling and charm classes under the instruction of Barbara Foster; tap and ballet classes, Betty Ray, instructor; square dancing with Marguerite Clapp as instructor; creative dramatics (story telling, puppetry, chorus, art and dramatics) with Chris Ranes and Mrs. Kathleen Catherwood as instructors.

The program has been proposed by the Katherine Finchy Study Group, which is under the chairmanship of Mrs. Culver Nichols. Mrs. Shelby Keger will coordinate the program with the city department.

Pre-registration must be made for a minimum of three weeks, or for the complete six-week course. Registration forms and additional information will be published in later editions of the Desert Sun. A minimum charge will be made for the courses.

## Perkins Granted Delay in His Trial to June 25

William Shaw, Riverside criminal attorney, today said he would defend 37-year-old Laurence Perkins, crippled war veteran, accused of the hatchet murder of his wife on the eve of their second wedding anniversary.

Perkins, who was arrested by sheriff's deputies within 24 hours after the crime had been discovered, was arraigned and his preliminary hearing set for June 19. He, with his attorney, appeared Wednesday before Judge Eugene Theriault, and through his attorney asked that his preliminary hearing be postponed until June 25.

Judge Theriault approved the request and set the time at 10 a.m.

Mrs. Edna Inez Perkins was found dead on a chaise longue early in the morning of June 1, with three deep hatchet wounds in the top of her head.

Deputy District Attorney John Morton will handle the case for the state.

## Redlands U. Plans 2 Summer Sessions

Two sessions of summer school beginning the end of this month are on the agenda for the University of Redlands.

Each session will include five weeks of classes with 60 minute periods five days a week. The first session begins June 25 and the second on July 30. During the two sessions a student is able to take a maximum of 12 units of work.

## Old Fire Station Dispute Again Before Council

A controversy over the proposed use of a downtown lot was scheduled to flare up in the City Council chambers Wednesday night, with businessmen and representatives of the Retail Merchants Association petitioning the Council to rescind their decision on making the Peveler lot the new fire station site.

More than a month ago the council voted 4-3 to locate the new fire station on the lot, in order to allow the enlarging of the police department facilities. The city purchased the property for \$43,000. City Manager R. W. Peterson said that an opportunity was given to the business people of the area to form a parking district, but they wanted the parking lot supported by the city.

Robert Schlesinger said that he would appear before the council on behalf of the group of eight property owners, who claim that the council assured them that the city would take no action until the results of a city-wide survey of parking problems had been made.

## Ed Krist Left \$3,000,000 Estate

Ed Krist, 64, Palm Springs and Los Angeles resident who died Saturday, left most of his \$3 million estate in trust for his widow, Florine, under terms of his 1951 will.

The document, filed for probate in Superior Court, left certain other income for a nephew, Carlton Finkelstone, of Connecticut, who will inherit the trust fund upon Mrs. Krist's death.

Two other nephews, Lawrence T. Solomon and Stanley Solomon, who were associated in business with Krist, will receive \$150,000 each from the trust principal after Mrs. Krist's death.

A native of Connecticut, he was a resident of Palm Springs for six years and has lived in California since 1920.

He was builder of the Ed Krist Happy Homes in Los Angeles, and was active in charitable work in both Los Angeles and Palm Springs.

## Sales Tax to Finance County Building Site Program Urged

ARCHED STEEL FINGERS reaching for the sky signify the rapid progress in constructing the new and wider Tahquitz Creek bridge on South Palm Canyon Drive. Builders now estimate it will be completed ahead of the September deadline. The project will include widening of the street south to Indian Trail Avenue. (Desert Sun Photo).

## Dr. Goldberg Sees Gain Of \$125,000

Supervisors React Favorably to Compromise Idea

Dr. Benjamin Goldberg of Palm Springs suggested to the Riverside County Board of Supervisors Monday that they enact a county sales tax ordinance and earmark the proceeds for the purchase of property to be used for necessary county building expansion.

"According to the State Franchise Tax Board," said Dr. Goldberg, "when the state takes over the bookkeeping and collection of the sales tax, which they only do when both the incorporated and unincorporated areas agree to assess this tax together, about 15 per cent more is collected."

"While there is at this time a breach of understanding between the supervisors and the municipal authorities, perhaps if this 15 per cent from the cities were impounded and added to the sum total of all the sales tax collected in the unincorporated area and this total amount was earmarked for the purchase of building sites and the construction of necessary county buildings, a new approach and settlement of the problem could be had."

DR. GOLDBERG said that possibly \$500,000 can be collected in sales tax this next year in the unincorporated areas of the county. He estimated that \$125,000 will be collected in the incorporated areas. He suggested that if the county could talk the cities into giving the county even 10 per cent of this amount, another \$125,000 could be added to the \$500,000 giving the county \$725,000 for 1956-57.

"County funds come from all the taxpayers," said Dr. Goldberg, "city and county-wise, and they would all benefit without an increase in the tax rate or in having to collect funds for the interest and amortization of a bond issue for building. The price of land has gone up, new buildings are being constructed on land proposed as sites for county building. Delay will make purchase by the county cost more."

"I have never expressed myself in regard to the proposed county sales tax," said Supervisor Roman Warren, "but I believe this proposal is worthy of considerable thought and we should go into conference with the cities of the county as soon as possible."

SAID SUPERVISOR William Jones, "I have always been opposed to the one per cent sales tax, but I'd favor it if the money can be specifically earmarked for buildings."

Jones said the people have decided the building bond issue and he would never have any part in putting it back on the ballot again.

Said Supervisor Paul Anderson, "Some of the spots on the leopard appear to have changed. Sixty-one per cent of the people voted for the building bond issue. That was not the required two-thirds vote but it is definitely a majority."

The supervisors told U. L. Voris, later appeared before the board to present a resolution by the League of Municipalities of Riverside County urging the supervisors to adopt a sales and use tax ordinance, that they will attend the June 22 meeting of the league in Beaumont to further discuss the matter.

The supervisors told U. L. Voris, later appeared before the board to present a resolution by the League of Municipalities of Riverside County urging the supervisors to adopt a sales and use tax ordinance, that they will attend the June 22 meeting of the league in Beaumont to further discuss the matter.

## Building Curb Bill Introduced

An ordinance to guard against sub-standard construction was introduced by its first reading at the Council meeting Wednesday night.

Made up of seven contractors in almost all phases of building in the desert area, the board will act as a board of appeal as well as a governing body to investigate and guard against sub-standard construction.

Each member of the council will submit names to the mayor from which will be appointed the board.

## Police Using Hot-Rod List, 'Sitting Ducks' In War On Hubcap Thefts

For the information of would-be hubcap thieves who are interested in maintaining their liberty, it can now be told the Palm Springs Police Department has resorted to strange devices to discourage that sort of pilferage.

Actually, the volume has grown to exceed the pilferage category, since hubcaps average \$10 in value and have been stolen at the rate of 20 to 30 per month, according to police records.

One preventive device has consisted of parking two shiny new cars, owned by policemen, on the streets at night as "sitting ducks." The owners hide in the shadows waiting for hub-nappers to appear. So far, Chief August Kettmann said, none has taken the bait.

## Plan Commission Officers Named

New officers were elected to the Palm Springs Planning Commission at their adjourned meeting of Friday night.

John Miller, chairman of the Commission was re-elected to that post. Glen Watson was elected vice-chairman, and Bill Foster was elected secretary.

Planning Commission meetings are held the first and third Wednesday of each month. Hy Ranes is city planning director.

## City Employees Pick Charles Baldwin As Personnel Board Spokesman

Dr. Charles Baldwin, Palm Springs physician and surgeon, was elected by city employees as their representative on the city personnel board Monday.

The votes which were tabulated Tuesday showed that 85 of the 144 employees cast a ballot, and Dr. Baldwin received the largest number of votes cast.

Others who were nominated for the position by employees of the city included Judge Hilton McCabe, Earl Hough and Lloyd Simpson.

The election was held to fill a vacancy left by the death May 18 of David H. King. His term runs to January, 1958.

Other members of the board are Tom Kieley, chairman, Warren Slaughter, Ray Lusby and George Ripley.

Among the responsibilities of the personnel board is the administration of the city's personnel plan, the handling of examinations, and as a mediating body in disputes between city department heads and the personnel.

## Paper-Masked Bandits Get \$218 At Theater Here

Two girls and a male usher, holding their hands up, watched as two paper masked bandits took \$218 from the cash drawer at the Sunair Drive-In Theater Sunday night.

Both robbers wore paper sacks over their heads as they drove up. One jumped from the car, shoved his hand through a screen door on the box office, and said "this is a stickup." The other swung the car around the box office heading out, and within seconds they were making their getaway.

Ruth Foss, who was in the box office with Pauline Meisterfield and Wyland Anderson, then seized the telephone and called deputy sheriff Carroll Vogelaar. Road blocks were quickly set up at Araby Point, Palm Desert, and Ramon and Del Sol road.

A pickup truck ran the roadblock at Araby point, and eluded police for almost 10 hours. Driver of the truck, on hearing the news of the hold-up, went to Palm Springs police headquarters to explain to them that he had not known that it was a roadblock and had just driven around the cars stopped. His appearance at the station stopped a bulletin which was just being prepared for his arrest.

Local police and sheriff's deputies checked the occupants of the truck and cleared them of any connection with the robbery.

Deputy Vogelaar theorized the suspects had driven a car stolen from Noel Burns, 581 The Palms, used it in the robbery and escape, and abandoned it about three blocks from the theater, in back of the Monte Cito cafe at Tramview.

## 1 Killed, 2 Hurt In 2-Car Crash

One man was killed and two others hurt in a two-car crash Sunday morning at Highway 99 and Indian Avenue.

James C. Warren, 74, thrown from one of the vehicles, died at Desert Hospital two and one half hours after the accident.

Driver of one of the cars was Otis S. Warren, 76, of Yucca Valley. The brothers lived together. Otis Warren reportedly received a lacerated forehead and possible broken ribs, but was reported in good condition today.

Driver of the other car was Opal Eberhart, 47, of Blythe, and wife of Judge W. G. Eberhart, who sustained only minor injuries. The accident occurred at 8:30 Sunday morning.

Dr. Charles Baldwin

## Chi Chi Menu Of Entertainment Among The Best

By DON CABALLERO

Chi Chi's entertainment menu in the Starlite Room is just about the best this town has seen and heard in a long time.

Lucille and Eddie Roberts; husband and wife team, baffle the audience and keep them that way with their interesting and highly entertaining mind reading tricks. Lucille is blind folded on the stage while her husband moves through the audience, keeping up a rapid fire line of chatter intermingled with the name of the subject in front of whom Roberts may be standing. They have played before royalty on the continent and in most of the famous night clubs, hotels and theaters in this country.

Margaret Sisters and Bruno, with the latter easily handling both of the girls in intricate adagio tricks, keep the patrons sitting on the edge of their chairs. This is especially true when Bruno swings both of the girls out over the edge of the stage and over the heads of ring-side patrons in a mad whirl.

Charley Chaney has never been better and without a doubt his new line of chatter at the piano keys intermingled with parts of his old act, has everybody roaring with laughter. His rapid change of character and the fast movement of hats he uses in his impersonations are hilarious. He actually steals the show, judging from the number of curtain calls he receives nightly.

## International Motor Raceway Opening Postponed To Spring

LOS ANGELES — Kermit Pollock, president of United States Automotive Testing, Inc., announced today that the Los Angeles International Motor Raceway, located 32 miles east of downtown Los Angeles, will open early next spring instead of this September as originally planned.

"We decided to postpone the opening after learning that the county and state road building program for the all-essential access roads is coming along more slowly than anticipated," stated Pollock.

## Supervisors Vote \$20 Monthly Pay Increase To All County Employees

A \$20 per month across-the-board increase in the salaries of all county employees and officials except the elected officials for whom a raise was previously granted, was voted unanimously by the county supervisors Monday, and \$6,500 was budgeted for an employee classification survey.

Supervisor Paul Anderson said he would not oppose the raise because it is at least a step in the right direction, but he charged that the method used is neither fair nor adequate.

He said any across-the-board raise should be made by advancing salaries one step. In other words, an employee receiving \$425 for first year salary on the county's five-year basis, should have his salary advanced to that of the second step, and in his second year of service he should receive the present third step salary.

HE WOULD even go along with a five per cent across-the-board raise in preference to the \$20 across the board, said Anderson.

Supervisor William Jones disagreed. He said as he has in times past when salary raises were being considered, that the purpose of raising salaries is to keep in step with the increased cost of living.

The cost of living has increased just as much for the low bracket employee as it has for the high bracket employee, said Jones, and therefore the amount of raise should be the same for all.

Supervisor George Berkeley agreed with Supervisor Anderson that the \$20 raise would not be adequate or the answer to the salary problem, but said it would be all right as a first step.

SUPERVISOR FRED McCall said he believes the \$20 increase will take care of the situation until a classification study has been completed. To his inquiry as to how long the survey will take, Administrative Officer Clay Beggs replied that it will take at least 90 days.

Among those receiving the increase will be the judges, constables and marshals, and elected officials who could not be included in the \$30 increase given most elected officials effective July 1 because a state law prohibits salary changes during term of office.

A thin coating of aluminum oxide, which forms almost instantaneously on the surface of aluminum practically eliminates corrosion.

For these officials, the \$20 increase will be applicable at the beginning of their new terms of office. For others, it will be applicable 30 days from adoption of the ordinance which will probably be ready next week.

Supervisor Roman Warren who as a result of last week's primary election faces a run-off battle with Curtis Chamberlain, Riverside city council member, in November, made the motion Monday for the \$20 across-the-board raise, and for the \$6,500 appropriation for an employee classification study.

## Altered Safeway Offers Many New Conveniences

When you step into the newly-remodeled Safeway Store at 250 South Palm Canyon Drive, this weekend, Manager J. F. Butler and his efficient crew will have a host of new shopping conveniences to show you.

First, the frozen food section has been enlarged by the addition of 49 feet of new frozen food cases to make your selection of frozen foods easier and faster. Two new refrigerated cases have been added to the dairy foods section. In the grocery section to help you locate canned foods, coffee, flour, and other grocery items, new super-visible signs have been installed on the top of the center section displays.

Butler invites all in Palm Springs to visit the newly remodeled Safeway store and to take advantage of the many new features that will make shopping a real pleasure.

## Stormy Hearing Stalls Board

Most of Monday's regular session of the board of supervisors was consumed by a stormy hearing before an overcrowded chamber interested in the proposed construction of a sewage plant in the Alverado area applied for by the La Sierra Community Services District.

At 5 p.m. the hearing was closed, then reopened and continued to 10 a.m. Monday, June 25.

## Ranchers Can Get Tax Refunds

Farmers and ranchers may obtain a refund of the Federal excise tax on gasoline which they have used on their farms and ranches for farming purposes since Jan. 1, 1956, under a new law which was approved by President Eisenhower early in April.

The Federal gasoline tax that may be so refunded is two cents per gallon. Refunds will be made after June 30 for the first six months of the year 1956; and

thereafter they will be made for one-year periods from July 1 through June 30.

Robert A. Riddell, District Director of Internal Revenue at Los Angeles, said that a farmer, to receive his refund, must file a claim on new Form 2240 after June 30 and before Oct. 1. Copies of this form may be obtained at any Internal Revenue field office, at the offices of county agricultural agents, and at many banks and post offices.

## Your best buy is DODGE...and we can prove it!

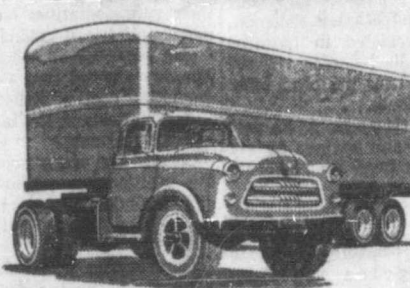

FROM PICK-UPS

AND PANELS...

TO BIG BRUISERS...

DODGE LEADS IN VALUE

When you go to buy a new truck, you owe it to yourself to stop...look...and think—to think about this, among other things:

How can you possibly know you're getting the best value if you sign up for a new truck without first taking time to stop and look at today's big, husky-muscled DODGE? The answer, obviously, is you can't be sure; you're just hoping you're getting the best buy!

Wouldn't you be wiser to get at least a few facts about DODGE? For instance, such easily proved facts as these—that Dodge trucks give you:

1. Greater gas economy. Dodge's exclusive Chrysler-engineered Power-Dome V-8 engines deliver more miles per gallon, full power on regular gas!
2. Maximum payloads. Dodge trucks are built extra rugged—will haul up to 35% more.
3. Lower upkeep costs. Dodge short-stroke V-8 engines maintain like-new performance far longer than truck engines of standard design.
4. Shortest turning. Dodge sharp turning angle and shorter wheelbase design make parking and wheeling through traffic much easier, save you both time and effort.
5. Rock-bottom prices. Today, many Dodge models cost less than any other make!

Dodge gives you more in other ways, too. So, before you buy, why not get the full Dodge story? Unless you do, we honestly believe you'll end up paying more and getting less.

By OLIVER B. JAYNES

## ECONOMIC OLD AGE

At the age of 45 the average man feels that he is in the prime of life, with many more active years ahead of him and yet men beyond that age are finding it increasingly difficult to obtain employment. Women beyond 35 are experiencing the same difficulty. Even at this present time when employment is at a high peak and some skilled labor in short supply, there seems to be a strong employer resistance to taking on middle aged people.

The national association of manufacturers has gone on record with the statement that "Actually, the older workers are the cream of the crop," yet by and large the economical age still begins for men about 45 and for women at about 35.

This is a situation rather difficult to understand. Studies have shown repeatedly that older workers, besides being

more assured in their skills, are more stable and dependable than younger people. Furthermore, they are less prone to accidents and have a greater sense of loyalty to their employers.

A reason often given for reticence in employing older workers is that they add too much to insurance and pension costs but this is open to question. Pension benefits can be fixed according to years of service rather than age while insurance rates are more often based on accident records.

When it comes to collecting pensions the age at which both men and women are generally considered to be unemployable is between 60 and 65. This leaves a period of between 10 and 15 years of employment difficulty for the average person. The situation is an unhappy one and should cause employers to reexamine the basis for their resistance to employing older workers.

## AS OTHER EDITORS VIEW THE NEWS

It's Worth the Trouble  
(The Redlands Daily Facts)

For every family that owns a dog one of the annual chores is to get the pooch vaccinated against rabies. It takes time, of course, to go to the clinics which are conducted inside the city under sponsorship of the municipality, or the ones held in the unincorporated areas by the county.

That this effort is well worthwhile is demonstrated by the results that have been achieved.

From 23 counties in California, 169 cases of rabies had been reported this year up to the beginning of May. Three of the counties from which reports came adjoin our own county.

In reaction to these farflung cases of

rabies about 30 counties in a period of a year have established quarantines. Many of them have recently adopted vaccination requirements as San Bernardino County did several years ago during a local outbreak.

While other counties have been belatedly dealing with this serious problem in public health, our county has had no confirmed cases of rabies now for several years. If the dog owners of the city and county continue to cooperate with the vaccination program we can continue to control the disease in our own region. This is the time of year to watch for the date of a convenient clinic, and to take your dog to it at the appointed time.

## Paying Debt

(Patriot Ledger, Quincy, Mass.)

George Washington explained why men owe some of their time to their country. He said, "every citizen who enjoys protection of a free (unoppressed) government owes not only a proportion

of his property but even his personal services to the defense of it." When George Washington spoke, the dangers were small compared to the terrible risks of the Mid-Twentieth Century.

## THIS SIDE of The Sun

By Phat

Displaying the flag today? This is Flag Day and a nice way to observe it would be to put out the flag.

Of course, the way the men wear their shirts in Palm Springs, every day is Flag Day. (You're an old-timer if you get at once what that means.)

TODAY'S COMPOSITION is being written under difficulties. Mrs. G. and I ran into a real hassle as we started my—and her—vacation.

The house we had engaged at the beach, starting June 1, was not available. Won't be until June 15 due to red tape. So, having given up our house here, we are camping out. In a lovely sort of way, guests of Judge A. D. Mitchell in Ontario.

But the big trouble is that our possessions are scattered far and wide. THE OLD WOODSTOCK is parked at the beach. The TV set is at the judge's, the Capehart at an aunt's, the piano in a warehouse, some clothes at two places in Ontario—a mile apart. All of my notes for these pieces under two or three layers of suitcases and bags in the trunk of the car.

It's all right except when I want to take a shower. I just hate to put on a bathrobe and walk a mile between the two houses.

CAME BACK to the Village the other day to retrieve some items forgotten in the first move.

And noted that the city had gone to town on that sand trap at Virginia Road and San Rafael Oiled both streets, fixed up the sand hole.

Which is a most welcome arrangement for the people up there. The day I left an automobile was stuck in the sand. A kindly motorist offered to push it out. And both were stuck and had to SOS the emergency service.

ONE OF THE GREATEST satisfactions in these days of crowded highways and a famine in parking places, is to pull into a spot at the curb and find that the motorist who was there ahead of you, had overestimated the time he was going to be gone—and left 35 minutes for you. Happened to me in Ontario this week.

Understand that Harry Oliver is happy that a nickel will still buy a sack of Bull Durham. But that he is also unhappy because he just can't seem to be able to roll a filter into one end of his smokes.

I'M FRUSTRATED, too. Since spending most of my vacation watching TV, I have two new projects.

One is to learn the name of that other great American beer and also who is Mrs. Calabash, wherever she is?

Have not mentioned auto license plates for some time, having made a resolution to that effect in February.

But I thing is was very fitting that just before pulling out of town for my vacation, the car in the spot just ahead of me bore the license plate—HAA023.

## Dr. Benjamin Goldberg

## Rural Medical Care

Not too many years ago the horse and buggy doctor, slowly plodding his way across the miles of bad roads in the countryside, was constantly being pictured. That is today being changed.

It is not miles that count now, but rather speed of travel that erases distance and enables medical care to be brought over many miles within relatively few minutes. It also, in reverse, allows the patient to be brought to a medical center with a highly developed clinic and small hospital in the same short interval of time.

To epitomize this, recently a medical center in Iowa was selected, the town of Belmont with a 2,200 population, a clinic with a personnel highly specialized in the various phases of medicine, and a 25-bed modern hospital. This center serves an area extending into four counties, and most of the patients do not have to travel more than 20 minutes to reach it and its very fine service.

In the old days the horse and buggy doctor would have spent a day covering this distance.

The staff were selected for their intimate knowledge with the problems that occur in rural practice, one of the important phases being reconstructive sur-

gery made necessary in the hazardous operation of some of the tremendous machinery now being employed in agriculture. Multiple fractures are not uncommon in that area. What seems very strange is that the reports from this institution and clinic indicate that allergies are among the most frequent causes of early retirement of farmers. This perhaps is associated with the basic neurosis or nervous instability inherent from the many hours of continuous work, and the exposure to so many of the substances from animal and vegetable life, to which a patient shows sensitivity or susceptibility.

Another important matter concerned in this type of medical practice development is its close affiliation with the state teaching center. Some of the students are allowed during their last two years to spend as much as one or more months observing and partaking of this type of practice, which improves in a considerable betterment their knowledge and experience

of predoctoral practice.

We in Palm Springs have a situation which is not unlike that described above. Our community is larger, and yet its ramifications extend into miles on either side of us. Our district hospital located in the city proper must give service to an area encompassing a diameter of almost 30 miles. We are subject to the many types and vagaries of medical practice, resulting from a migrant population which may bring many varied types of diseases into our community. Our other great problem is that of motor car accidents on the highways. This contributes a tremendous number of serious surgical problems which tax the ingenuity of our medical practitioners. We are fortunate in being protected and surrounded by a group of trained men who can meet all of these emergencies, and a hospital equipped to supply the needs of our high-powered life. We must, however, be able to render this same service to the vastly increasing population coming into our territory, and to those whose economic circumstances for prolonged care cannot fit into the budgetary requirements of our local hospital. Those who give of their time and

energy in guiding the community needs into these channels should be thanked by the general public and given some appreciation for their service.

## Soboba Resort Offers Preview Of \$50,000 Work

Historic Soboba Hot Springs Hotel and Resort are holding an open house at their recently renovated and redecorated bath house through Friday, June 15, from 2 p.m. until 5 p.m. each day, permitting the public to view the \$50,000 improvements before the facilities are opened to resort guests and the public by reservation.

According to J. A. VanderClute, resident manager of the famed resort three miles northeast of San Jacinto, the improvements make the spa one of the most complete to be found anywhere in the world. He said the baths and other facilities compare favorably with the worldfamed Sprudel Springs at Karlsbad, Germany, generally regarded as the finest in Europe.

Many doctors have known for years of the healthful qualities of these mineral waters but as yet thousands of Southern Californians are unaware that facilities equal to the best on the Continent are available in their back yard.

The bath house was constructed in 1926 on the site of steam caves and mineral mud pots used by Mission Indian tribes for generations. It was at this spot that Helen Hunt Jackson, author of "Ramona," was restored to health according to VanderClute.

After the open house, the baths will be open to hotel guests and the general public on a daily basis by appointment.

Soboba Hot Springs is accessible to all parts of Southern California via either State Highway 74 through Hemet or State Highway 79 south from U.S. Highway 60, 23 miles southeast of Riverside.

## Gov. Knight Plans Big Reception On Convention Eve

SAN FRANCISCO — The most impressive gathering of high governmental, political and social leaders California has seen in its long and colorful history will be entertained by Governor Goodwin J. Knight and Mrs. Knight at a huge reception on the opening night of the Republican National Convention, Monday, August 20, it was announced here today by GOP National Committeeman A. Ronald Button.

The receiving line, headed by members of President Eisenhower's Cabinet, Vice President and Mrs. Richard M. Nixon, governors and U.S. senators of all the Republican states, ambassadors and other dignitaries, will include a glamorous array of national bigwigs as well as California leaders.

The gala event, which will be held in San Francisco's Civic Auditorium, will be staged under the auspices of the California State Host Committee for the Republican National Convention, of which Button is chairman, and the Governor, honorary chairman.

A buffet supper and a brilliant stage show featuring big names from Hollywood and New York are being arranged for the 5,000 guests, including officers and members of the Republican National Committee, and all the delegates to the GOP Convention.

In disclosing plans for this high-point of the Convention's social calendar, Governor Knight also announced he had received a letter from Republican National Chairman Leonard W. Hall, pledging his assistance and declaring: "I shall be glad to cooperate with you in making this reception a memorable and significant part of the Convention week."

"It is important," Governor Knight commented, "that the people of California distinguish themselves as wonderful hosts during the convention, and we want to give Republican Party leaders and workers in the South as well as the North an opportunity to participate in the entertainment of their fellow Republicans from all our states and territories."

## Electric Company's Equipment Damaged

John Archibald, manager of McLaughlin Electric Company, reported to police Monday that someone, apparently juveniles, had removed the knock-out plugs on the electric junction boxes at the new Cielo Vista school.

This report was followed Tuesday morning by another which notified that the vandals had again hit the electric boxes at the school and this time made a clean sweep of 65 knock-out plugs in other junction boxes.

## Riverside Scout One Of 50 To Make Japan Trip

Eagle Scout Tom Watrous of Riverside has been selected to be one of 12 Explorers from the Western United States who will participate in a Sea Lift to Japan this summer. Riverside County Council Scout officials announced today.

Schedule for July 6 to August 27, the trip will include visits to Hawaii, Japan and the Philippines. The group will attend the Japanese National Jamboree August 1-7.

The Sea Lift will be carried out with the help of United States Navy facilities and transportation and will depart and return from San Francisco.

The objective of this Sea Lift is to further international understanding and world brotherhood through actual contacts by our Explorers with people in the Philippines, Japan and Korea, officials said.

In addition to these experiences, the Sea Lift will serve to highlight

Exploring in Region 12 and the nation by emphasizing the opportunity it offers to young men in the way of high adventure.

A total of 42 Explorers from 14 to 17 years of age inclusive and eight leaders from throughout the United States will make the trip.

Region 12 which includes Utah, Arizona, Nevada, California, Hawaii, and Western Wyoming will send 12 Explorers and two leaders. Young Watrous will be a member of this group.

## Bank Of America Begins Farm Study Program

A specialized farm study program began Monday for 30 Bank of America officers at the Davis campus of the University of California.

Branch officers selected from agricultural areas throughout California are participating in a two-week resident seminar course on

The Desert Sun Thurs., June 14, 1956 5

farm management and operation, it was announced by S. Clark Beise, president of the statewide bank.

Inauguration of the agricultural training program, first of its kind to be held on the Pacific coast, is the result of a cooperative effort between University of California Extension and Bank of America.

Officers named to attend the school are from 20 different counties in the state. Seven are from

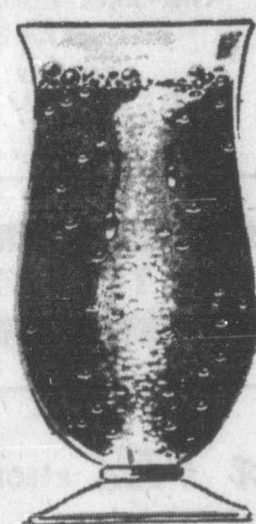

the Southern California area, 14 from the central section and nine from the northern part of the state. They are among the bank's officers who service the banking requirements of California farming areas.

Directed by Fred N. Briggs, dean of the College of Agriculture at Davis, the faculty will present a curriculum to the banker students covering farm management, operation and production.

Advised prices good Thursday thru Sunday June 14, 15, 16, 17

**THE GOOD**  
1. France and West Germany reached an agreement which gave hope of ending their years-long dispute over the future of the Saar coal and steel basin.  
The rich, 990-square mile area is historically German. Economically it is linked closely with France's Lorraine steel industry. France obtained control of it for years after World War I and has had control of it since the end of World War II.

2. French Premier Guy Mollet won a vote of confidence on his entire domestic and foreign policy.  
The vote emphasized the confused overall French political situation. Mollet won by 271 to 59. But there were 200 abstentions.  
3. Britain started a sweeping review of its policy on the violence-ridden island of Cyprus.

**THE BAD**  
1. There was serious anxiety in Washington over the possible results of the current visit of President Tito of Yugoslavia to Moscow.  
2. The Chinese Communists made a bid to get their foot in the door of Britain's colony of Hong Kong, the most important port of east Asia.  
The Red Peiping government told Britain that it wanted to install "a commission of foreign affairs" in Hong Kong, with a staff to handle diplomatic and other matters.

3. Chief Minister David Marshall of Singapore carried out his threat to resign as the result of the breakdown of independence negotiations in London.

# Frederick Cronholm, Noted Engineer, Dies Here At 72

A man whose entire life was symbolic with engineering mastery, is dead.

Frederick N. Cronholm, 72, died late Saturday night, after a illness of two years, in his home on Avenue 20 in North Palm Springs.

Cronholm was born in Hede, Sweden on August 27, 1883, the son of Dr. Otto Cronholm of Stockholm. As a small boy he came to the United States with his mother and spent his early youth on a cattle ranch in the Bear River country of Wyoming.

HE WAS EDUCATED at the Utah State Agricultural College in Logan, Utah, and went on for further work at Oregon State College in Corvallis, Oregon.

In 1908, he became Superintendent of Construction with the U.S. Bureau of Reclamation, a job he held for 10 years with his assignments covering most of the irrigation and reclamation projects of the northwest.

Cronholm left the Bureau in 1918 to accept a position as Superintendent of the River Division and in several months became general manager and chief engineer of the Imperial Irrigation District with offices at Calexico. It was during the five years with this district that he accomplished the turning of the Colorado River into the

Pescadero and saving thousands of acres under cultivation, during a flood year.

DURING THE EARLY 20's he went into private consulting work on irrigation, drainage, and flood control and rendered a report on the flood hazard of the Colorado River at Blythe, Calif.

He also took on private mining exploration and development of properties in Alaska and British Columbia.

In 1933 he entered the employ of the Metropolitan Water District of Southern California on the Colorado River aqueduct.

He continued with Metropolitan four years as an advisor on construction methods for tunnel building, excavation, and lining of siphons and canals, and did all the cost estimates on that work.

WHEN THE GREAT aqueduct was completed, Cronholm did con-

sulting work with the United States, Mexico and Siam, and was engineer-at-large with the United States Corps of Engineers until his retirement in 1950.

While working with the U.S. Engineers he began the preliminary flood control report on the White

water River, which was interrupted by World War II and has only recently been reactivated.

On his retirement in 1950, he went to his home in the Seven Palms Valley where he was engaged in private practice until his death. He was a member of the

American Society of Engineers.

FUNERAL SERVICES were held Monday night from St. Paul's in the Desert in Palm Springs with the Rev. William A. Blonden officiating. Interment was in Montecito Memorial Park with Wiefels and Son Mortuary in charge.

He is survived by his widow, Frances F. Cronholm, and four sons, Frederick Cronholm of Lakewood, Calif.; John R. Cronholm of Palm Springs; James Cronholm of Eugene, Ore.; and Robert M. Cronholm of San Francisco.

## Bunker Returns From Airline Hearing In East

City attorney Jerry Bunker returned this week from Washington, D.C., where he attended a hearing into the airline problem facing Palm Springs.

In his report to the City Council, Bunker said that he talked with counsel for the airlines and that if a transcontinental flight is scheduled from Palm Springs, one of two lines will be used—Continental or United Airlines.

He indicated he felt there is a good chance the Village will get air service to the East with only one plane change by 1957.

He said there are seven airlines now before the CAA, and that his position in Washington was not to influence the hearings, but to be sure that no lines minimized the need of transcontinental service here. Western Airlines will continue to operate from and to Palm Springs, and these hearings will inaugurate another service across country.

The hearings in Washington are scheduled to continue three weeks.

## Littler Wins Round Robin Tournament; Golfers Gather For U.S. Open In N.Y.

### Beats Tournament Record With 344 In 90-Hole Score

Palm Springs little Gene Littler, Sunday stood off 15 rivals and topped the \$15,000 Round Robin Golf Tournament at New Rochelle, N.Y.

Littler, who made a good showing for himself in the early stages of the tournament, slipped badly in the final round to make one of the worst scores of the tournament, but his 90-hole score of 344 was one of the best scores ever made in the 15 years of this tournament. His finishing score: 36-34-70.

A GALLERY of 5,000 watched the final day of play and saw Ted Kroll finish second with a score of 34-37-71. Kroll had a plus 31 compared to Littler's plus 55.

Dow Finsterwald of Bedford Heights, Ohio, took third place with a plus 27 count and a score of 351.

In the Round Robin play, points are added for each stroke by which a player beats each other man in the same foursome and subtracted for each stroke by which he is beaten. It is one of the most unique scoring systems of golf play.

WYKAGYL, THE New Rochelle course, is considered one of the most rugged golf courses in the country, and Littler scored a 16

GENE LITTLER, poker-faced star of the golf links, Sunday took the \$15,000 Round Robin Golf Tournament at New Rochelle, N.Y.

under standard figures for the 90-hole play.

National Amateur Champion in 1953, Littler now has won three important tournaments this year—the Texas Open at San Antonio, the Tournament of Champions at Las Vegas, Nevada, and the Round Robin—and his winnings have amounted to well over \$30,000 in prize money. The \$3,000 top money isn't included in the official PGA count, which he tops with \$17,373.92.

### Top Golfers Sign 56th U.S. Open; Hogan Favored

Top golfers from around the world are gathering at Oak Hill Country Club today for the Fifty-sixth U.S. Open Golf Championship at Rochester, N.Y.

Former Palm Springs pro, Ben Hogan, will be shooting for a record fifth championship as the blue ribbon roster of top golfers tee-off on the 6,902-yard par-70 layout.

Former champions on hand in addition to Hogan are Bobby Jones, Willie Anderson, Jack Fleck, Ed Furgol, Julius Boros and Dr. Cary Middlecoff.

THESE HEAD a star-studded field including Masters champion Jackie Burke; PGA champion Doug Ford, British Open Champion Peter Thomson and U. S. amateur champion Harvie Ward. Among the old favorites giving it another try are Sam Snead, Jimmy Demaret, Chuck Harbert, Dutch Harrison, Porky Oliver, Johnny Revolta and Paul Runyon.

Palm Springs' Gene Littler will head a host of youngsters onto the field today, including Mike Sou-chak, Don Fairchild, Don January, Arnold Palmer, Bob Ros-

## Braves Hold Lead In Little League, Beat Jr Police 11-4; Stars Take Boy's Club, 11-3

By KENT WERGES

In the Little League doubleheader which was played Monday evening, the Junior Police played host to the Hathaway-Buick Braves, and the Boys Club won the second game.

The first inning frame was equal with one run per team; the burg and Shelley Mayfield.

AS THE PLAY at Oak Hill Country Club gets underway today, former champions and golf "specialists" have this to say: "With the tree-studded fairways of Oak Hill, the man who will have to be beaten will be the one who drives the straightest," and that man is quite probably the old hero of the golf links, Ben Hogan.

second inning also was equal, 0 and 0. Then, in the third inning, the 'Papooses' started a steady climb in their runs which continued throughout the remainder of the contest. In the third they got one run, as compared to another 0 for the Junior Police boys; in the fourth, five runs were scored compared to the opponents three, and finally in the fifth inning, they received four to the Junior Police's 0, thus totaling 11-4 win.

Some of the outstanding players of the game who scored these runs are: Macy, McKuhen, Martin, Paul, Rubin, and Malone for the Braves. For the Police Assn.: Rosen, Grossman, Tommy Olav-

era (one of the four Olavera's) and Marquez. Reyes was the winning pitcher.

The second game also was interesting, even though there was such a great difference in the score, 11-3. The Cameron Stars took an early lead of 5-0, in the first inning and 6-0 in the second inning. Four more runs were tallied in the third, against the first run of the game for the Boys Club, thus making the score 10-1. In the fourth, the Cameron athletes scored their final run of the game, for at the end of the first half of the fifth inning, after the Boys Club had scored two more runs, the game was called.

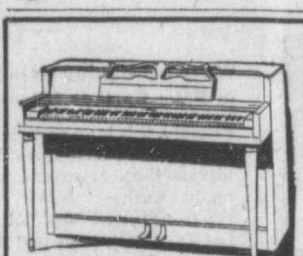

The Boys Club scorers were

Crawford, Brune and Larstead, while the Stars list of 'stars' in Willingham, Linberg, McDonald and Poist. The winning pitcher was White who gave up only four hits — the losing pitcher was Teitlebaum, giving up eight hits.

First game starting lineup: Junior Police: Copeland, Rosen, Helm, J. Olavera, Molino, Grossman, G. Olavera, T. Olavera, Marquez.

Braves: Macy, Tomlinson, Pierce, C. Reyes, Malone, Rubin, Hough, E. Reyes, Minnella.

Score by Innings:  
Braves 10 1 5 4 — 11  
Junior Police 1 0 0 3 0 — 4  
Second game starting lineup:  
Stars: White, Schumann, Slone, Deason, Minor, Poist, Willingham, McDonald, Stumpf.  
Boys Club: Crawford, Meade, Edson, Smith, Ruiz, Hewck, E. Teitlebaum, Larstead, D. Teitlebaum.  
Score by Innings:  
Boys Club 0 0 1 0 2 — 3  
Stars 5 1 4 1 x — 11

## Fishing License Sale Hits Record

After seeing their favorite fishing waters flooded, and outdoor trips cancelled by cold weather for four months, California anglers swarmed to the field in record numbers during May, the Department of Fish and Game reported.

Fishing license sales during the month totaled \$783,035 for the greatest number ever sold in a single month. This is \$85,000 more than the previous high month in May, 1954.

The record sales brought 1956 license sales \$14,000 ahead of the 1955 figure for June 1.

**Bank of America**  
NATIONAL TRUST AND SAVINGS ASSOCIATION  
MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

**SCHOLARSHIP PRESENTATION** by Desert District 34 of the California State Nurses association was made at the district meeting at Tamarisk Park earlier this week by Mrs. Margaret Berry, president, to Joan Colburn of Palm Springs High School. The \$100 scholarship will be used toward tuition at nurses school at Good Samaritan Hospital in Los Angeles. Miss Colburn was chosen winner of the honor in competition between students of Palm Springs, Beaumont and Banning high schools. (Desert Sun Photo).

## School Board To Act On \$4500 Roof Repairs

Routine matters will be before the Board of Education at its regular meeting at 7:30 p.m. at the Francis Stevens school.

Aside from handling the regular financial and legal procedures of the district, the board will consider approving the expenditure of \$4,500 for roof repairs at the Cathedral City, Cahulla, Desert Hot Springs, Nellie N. Coffman, Francis S. Stevens and Katherine Finch schools; they will consider the matter of acquiring property adjoining Palm Springs High School and at Thousand Palms.

The board will also consider four resignations by teachers of this school district, who were offered contracts for the coming school year.

Dorothy Hill of the Palm Springs High School and Miss Aphrodite Lyris.

## S. Dakota Ho!

PIERRE, S.D. — The real estate sales field is not overcrowded in some parts of South Dakota. A list of real estate brokers prepared by the state Real Estate Board shows there are no real estate brokers in nine of the state's 67 counties. Eight other counties have only one or two real estate salesmen.

## Tryouts Asked For PlayerStage Productions

Director Martin Beck of the Village's all year community theatre group, The PlayerStage, issued a casting call for anyone interested in trying out for the next PlayerStage production.

PlayerStage, which offers monthly productions at the American Legion Theatre auditorium, will choose from three popular Broadway hits of the past few seasons. Shows from which the next two will be chosen are, John Patrick's "The Curious Savage," Philip King's hilarious farce "See How They Run," and Tennessee Williams' "Summer and Smoke."

Beck urges anyone interested in any phase of the theatre to join the evergrowing ranks of resident actors and backstage technicians. There are many and varied roles open in all three probable selections and experience is not a requisite. Beck can be telephoned at 9505 or 9977.

## Quick Change

ABERDEEN, S.D. — There was a fast change in the mayor's office recently. Retiring Mayor Ernie Gunderson stepped out in favor of La Verne G. Saunders, who had won the municipal election by five votes. But after Saunders was in office only three days, the election results were reversed by a recount, and he had to step out in favor of J. Clifton Hurlbert.

## U.S. Foreign Aid Cost Likened To That of Schooling

OXFORD, Ohio—If the \$4.9 billion which Congress is being asked to approve for one year of foreign aid were to be distributed among all 1956 college graduates: It would be enough to repay every one of the 325,000 graduates the cost of four years in college. Each would have an additional \$5,000 for a post-graduate course or down payment on a home.

And there still would be enough left to give each graduate \$2,000 for a honeymoon in South America, or a savings account for a rainy day.

That's what James S. Kemper of Chicago, chairman of Lumbermens Mutual Casualty Company and former U.S. Ambassador to Brazil, said today as commencement speaker at the 117th graduation exercises of Miami university.

"I use this comparison to give you an illustration of just what our foreign aid policy currently is costing us, on top of the total of more than 10 times as much (\$50 billion) since the program began," Kemper said.

"In many ways, our foreign aid program is part of the world-wide drift toward collectivism," he asserted.

Both to the giver and taker it tends to undermine and weaken the instincts, resources and capacities of individual people and groups upon which freedom is built, he said.

## Fred W. Hess Dies In Hospital

Fred W. Hess, prominent Thousand Palms resident, died at Desert Hospital Sunday night following week's illness.

A native of Michigan and resident of Thousand Palms for eight years, Hess was a retired executive of the Armour Packing Company. He was a member of the Chicago Blue Lodge, F. & A.M.; St. Joseph Consistory No. 4, and Al Malakiah Temple of Los Angeles, the Palm Springs Shrine Club, and a life member of the Shrine Crippled Children's Hospital.

He is survived by his widow, Pearl C. Hess, one daughter, Mildred H. Bachman of Palm Desert, and one sister, Clara Hess of Miles, Michigan.

Funeral services were held Wednesday from the Wiefels and Son chapel, with Mrs. E. N. Burley and the Masonic Lodge of Palm Springs officiating. Interment will be in Palm Springs cemetery with Wiefels and Son Mortuary in charge.

## Village Cancer Crusade Tops Quota By \$2500

Ray Lusby and Mrs. S. P. Manasse, co-chairman of the American Cancer Society's 1956 crusade in Palm Springs, announced today that the local drive had gone over the top to total \$7,500, or \$2,500 more than the quota, collected for the crusade and turned over to the Riverside County Cancer Society.

Lusby said the drive netted more than this amount, but \$90 was used for stamps to mail literature, so the local committee did send a little more than the \$7,500.

Forty per cent of the total amount collected in this area will remain here for local expenditures.

Officers and committee members for the 1956 drive included: Dr. William Elliott Jr., unit chairman; LeVaun Belt, secretary; Francis Crocker, treasurer; Barbara Hosteller, assistant treasurer; Henry Cleary, education chairman; George O. Wheeler, publicity; Dr. Elliott and Dr. John W. Nevins, medical advisors.

The board of directors will consist of Leo Athans, Helen Morris, Millie Oistnd, Joyce Pawling, LeNeve Read, Ruth Reich and Orson P. Smith.

## Jeremy Crocker Wins Caltech BS

PASADENA — The bachelor of science degree has been conferred on Jeremy Freeman Crocker of Palm Springs, Calif., by President L. A. DuBridge of the California Institute of Technology at the annual Caltech commencement.

Son of Mr. and Mrs. Francis W. Crocker, 147 South Tahquitz Dr., he has majored in mechanical engineering at Caltech and was graduated from Palm Springs High School.

## BUSINESS AS USUAL

—all summer!

We're continuing normal services in Palm Springs for your convenience

Frankly, this is an experiment. Because many of you have told us your need for complete brokerage services the year around, we're maintaining our regular work schedule in "The Center." We're air-conditioned, too — for your comfort. Let us know by your patronage if we should continue to remain open during the summer months — offering, as always, the finest in investment service.

## Carnation corner

These warm days, nothing picks me up faster than the tangy, old-time flavor of Carnation Buttermilk. It's so cool and refreshing; so rich with the old-fashioned, fresh-churned flavor that has made Buttermilk a favorite drink since Grandpa's day. You'll agree, that only Carnation could make it so good!

Carnation Buttermilk is so wonderful for cooking and baking, too. Family favorites like biscuits and hot cakes are always moist, high, light and extra tender when you make them with Carnation Buttermilk. So many of you have written to me for Buttermilk recipes that I've included two different ways to enjoy this delicious beverage in today's column:

**3 cups CARNATION BUTTERMILK**  
1/2 cup lemon juice  
1/4 teaspoon salt  
1/2 cup sugar  
1/4 teaspoon lemon rind  
1/2 pint Carnation Ice Cream  
Ginger to taste

Mix all ingredients together in bowl or shaker. Mix well. Serve at once topped with ginger.

**BUTTERMILK SOUP**  
For a zippy new taste, try using Carnation Buttermilk instead of milk in Cream of Asparagus, Black Bean, Cream of Celery, Cream of Mushroom or Tomato Soup.

At lunch, after a round of gardening chores, at dinner, as a late evening snack — according to my husband, there's no time of day that isn't the perfect time for a tall, cool glass of good Carnation Buttermilk.

"好 吃 香"  
Pretty Spicy Story!

Ginger was cultivated in the Orient long before it was known in Europe and centuries before the Spanish brought it to the New World. Marco Polo wrote glowing accounts of it in his famous book of travels. Even the ginger we use today in our modern kitchens comes from romantic far-off places like India, Japan, Canton, and Jamaica.

COME INTO OUR PARLOR!

When you visit Disneyland, don't miss Carnation's turn-of-the-century Ice Cream Parlor on Main Street.

## Around Town

with Mildy Crawford

Vacation time is here . . . and all over the country by highways and flyways . . . America is on the move . . . People who live in the mountains go to the sea-

shore . . . city folks head for the country or resort towns . . . and desert dwellers are going abroad . . . to Europe, Honolulu, Alaska . . . and all the far places of the globe . . . New scenery, new faces have their appeal . . . and everyone wants to be far . . . from wherever they usually are . . . The funny thing about it is . . . that home never looks so good as it does at vacation's end . . . This seems particularly true of Palm Springs . . . for wherever Villagers wander in the summertime . . . they carry Palm Springs in their hearts . . .

After closing their Palm Springs house . . . Betty Bannerman went to Tucson to be with her son Billy, freshman at the University of Arizona, who underwent an operation on his knee . . . The operation was a success and Billy will be walking in no time at all, Betty writes . . .

Janice Chiquoine is in San Francisco at her apartment in The Francesca on top of Nob Hill . . . Later this month she will go to Dallas to help her family move from Dallas to Tulsa . . . In July she will return here to pick up her car and go to Carmel for awhile . . . At least that is what she is planning now . . . She said she just might change her mind and stay here when she returns . . .

Hoagy Carmichael's son Randy, who attends school in Miami, Florida . . . is here for a visit with his father . . . and his aunt Martha Clayton . . . Hoagy's admirers (and who isn't?) will be interested to know that young Randy is a "rock and roll" specialist on the piano . . .

Gayle Burns heads east the last of this month . . . and will visit relatives in Pennsylvania and New York and a number of other places . . . and maybe go on to Nassau . . . before flying back to join Herb and go to the Klamath for another fishing spree . . . Martha James is going south

for her vacation . . . With friends from Boston she will motor through Mexico and down into Yucatan . . . where they will leave the car and fly to Guatemala and Havana . . . Martha will be back in Palm Springs early in September . . .

Betty and Tom Kieley and their four youngsters, Kitty and Colleen, Tommy and the baby Owen Coffman Kieley, who is just a year old, will establish their summer headquarters at Idyllwild . . . around July 1 . . . Tom, who returned about three weeks ago from Hartford, Connecticut, where he attended insurance school, will drive back and forth . . . The Kieleys entertained the Florian Boyds and the Jack Freemans . . . at a patio barbecue Saturday evening at their Tahquitz home . . .

The Homer Hiltons entertained informally at a small patio dinner . . . honoring the Ed Bacons before they left . . . Guests were the Blake Fields, Ennis St. Cyr, Mrs. W. F. Schlotman, and the Bob Blanks . . .

Mrs. Harry Dart who has been staying with daughter Barbara Hinkle, left Monday for St. Claire, Michigan . . . and Barbara is

busy packing . . . as she and the children, Tim and Sue, go north soon to spend the summer at Meeks Bay Resort at Lake Tahoe . . . where Barney will join them later . . .

Barney, who is abroad with Ray Ryan and Bill Holden, called Barbara from Stockholm . . . He said they were having a marvelous time . . . They had been to Hamburg and into Eastern Berlin . . . and were going to Oslo, Norway for a week's fishing in the fjords . . . Their visas into Russia were still hanging fire . . . so they may not make it behind the Iron Curtain after all . . . as they expect to be home around the last of June . . . Of course, all this could change over night . . .

Vicki and Billy Malouf closed their Via Las Palmas house this week . . . and went in town to their apartment in Park La Brea Towers . . . The Arthur Berghs have an apartment there, too . . . and the Maloufs plan a series of small dinner parties for the Berghs . . . They will also go down along the coast for a stay with Peggy and Wendell Hunt . . . and attend the Pageant of the Masters at Laguna . . .

The whole Malouf family, Vicki and Billy, Carol, Gary and Jerry, who is out of the service . . . will spend a month at Tahoe as guests of the Oliver Rousseaus of San Francisco . . . who have a beautiful new estate at Crystal Bay . . . and plan to return to Palm Springs early in the fall . . .

Ona Brown, who has been so critically ill . . . is still in the North Hollywood Sanitarium on Riverside Drive . . . but is reported much improved . . . Friends say that she is looking forward to being well enough that she can open her house down here next October . . .

Vacation plans for Newton and Ida Hotchkiss include a July motor trip . . . They will head up the coast into Canada . . . and then swing down into Montana and

Wyoming . . . returning home early in August . . .

Blake Corliss and daughter Shannon leave around June 23 for Kansas City . . . to visit Blake's parents, Mr. and Mrs. Gaylord Blockley . . . while son Ricky goes north to St. Helena to be with his paternal grandmother, Mrs. Tom Turner . . . Blake will leave Shannon in KC . . . stop in Denver to visit Dixie and Bill Tomberlin, and then join Ray in San Francisco . . . where they will renew acquaintance with their many friends in the Bay area . . . Then they will pick up Ricky . . . and Mrs. Turner will go to Kansas to bring Shannon home . . . while the three Corlisses visit Vivian and Pierce Milton at Tahoe . . . All the Corlisses will be back home together in Palm Springs after a three week vacation . . .

Ethel Strobe says that while George is making splendid progress in his recovery . . . that it will be necessary for him to remain in Palm Springs under close medical care this summer . . . She will stay here, too, to be with George . . . and for this reason the Doll House in Balboa will not be open this season . . . The Palm Springs Doll House will re-open on September 1 . . .

Town topics this week: Greg Bautzer's and Dana Wynter's marriage in Carmel . . . Hugh O'Brian heading for London, with Sharmar Douglas on his mind . . . Pat Owen, Sy Bartlett's bride (they were married in Palm Springs) and the mysterious accident . . . Found unconscious on the floor of her bedroom at their San Ysidro Drive home Sunday . . . the pretty Pat suffered only bruises on her head . . . Sy told police she had fallen and injured herself . . . The Gilliland divorce, long on the docket, is due to come up soon . . . now that Ray has undergone a second operation . . . And, of course, vacation plans . . .

WHEN JAYCEE presidents from 14 Southern California cities met in Palm Springs Sunday, many of them were accompanied by their wives. At Del Tahquitz, where they enjoyed a luncheon and swim, were, standing, Evelyn Hill, wife of the Redland president, and Rosalyn Bronstein, wife of the past president of the Palm Springs Chamber; sitting, from left, Chris Ranes of Palm Springs, Nancy Glen, whose husband is past president of the Redlands group, and Barbara Smith, wife of the Claremont president. (Desert Sun Photo).

HONEYMOONING IN MEXICO are Mr. and Mrs. Don Klotzbuecher, who are pictured at Wisconsin, their wedding reception in Berkeley. The bride

### Klotzbuecher-Beglinger Vows Said In Berkeley

Following her graduation last Wednesday from the University of California at Berkeley, Gretchen Beglinger became the bride of Don Klotzbuecher in an informal ceremony in the St. Clemens Episcopal Chapel on the Berkeley campus. Father Thomas officiated at the 8 o'clock ceremony.

The bride, wearing a white wedding gown of dotted swiss, was attended by her aunt Mrs. Ward Risvold, as matron of honor, and was given in marriage by her grandfather Floyd Green. Ward Risvold was best man. Daughter of Dr. and Mrs. H. F. Beglinger of Neenah, Wisconsin, she spent last winter in Palm Springs where she was on the office staff at the Desert Sun. A graduate of Neenah high school, she attended Wisconsin University where she was affiliated with Delta Gamma.

The bridegroom, city editor of the Desert Sun, is the son of Mrs. G. J. Dreike of Clintonville, Wisconsin. He attended the University of Wisconsin and was in the South Pacific with the United States Army, during World War II. Before coming to Palm Springs he was editor of the Banning Record and, before that, edited the Tribune-Gazette in Clintonville, Wisconsin.

About 50 friends and relatives attended the wedding reception, which was held at the home of the bride's aunt and uncle, Dr. and Mrs. M. C. Green in Oakland.

After a honeymoon in Mexico, the young couple will be at home in Palm Springs the latter part of this month.

Mr. and Mrs. Joseph Clone plan a couple of weekend trips, one fishing and one to Catalina, before going north to spend two months in San Francisco, Washington, Oregon and Canada. They will re-open their popular restaurant here around September 15.

### Silver Spurs Dance Film Shown Here

Mr. and Mrs. Herbert Burns assembled around 30 people in their patio at The 400 Sunday evening to view a color-and-sound film of the "Silver Spurs," Spokane teen age dancers who will be presented here at the Wars Memorial hall on the evening of June 21, under the sponsorship of the Palm Springs Playhouse Guild.

The film was secured by Claude Gottheuett, who is Guild chairman for the affair.

Among those enjoying the Burns' hospitality and the colorful film were the Gottheuets, Mr. and Mrs. Jack Luccarelli, the George Lovetts, Mrs. Harry Clatworthy, Florence and Sally Lockett, Mrs. H. C. Monroe, the Merrill Crocketts, Mr. and Mrs. Richard DeLong (he's the new assistant city manager), Margo Morrison and her daughter.

Also Mrs. Lloyd Chapman, Mrs. Len Owens, the Manny Strands, Polly Isenagel and son Jeff, Trixie Jarrette.

Afterwards a number of the guests went to Town and Desert where Manny Strands, who was formerly musical arranger for Earl Carroll, played the piano for them.

Sprinkle buttered bread crumbs with paprika before toasting for decorative topping to casserole dishes.

### P.S. Kiwanians At Convention

Headed by their president Bill Ford and his wife, a group of Palm Springs Kiwanians will be in San Francisco this weekend for the International convention, which opened its sessions today.

Among those expecting to attend are the Fords, Dr. and Mrs. James W. Scott, Mr. and Mrs. William Maidhoff, Mr. and Mrs. Mac MacDonald and Red Kenyon.

Mr. and Mrs. John Davis of 1420 Rodeo Road, spent four days this past week at the Sahara Hotel in Las Vegas, where they met Mrs. Davis' cousins, Trace and Mary Turner of Ogden, Utah, for a visit. The Davises are summering at their Palm Springs home.

This '56 Buick is packed with new features — and priced close to the smaller cars!

WANT SOME QUICK FACTS on the big news in automobiles today — news that guide you to a smart move and a real smart buy?

Then listen — it won't take long.

The 1956 Buick has so many new developments — in styling — in power — in performance — in ride and handling — that it is, literally, the best Buick yet. That's Fact No. 1.

And Fact No. 2 proves it: Buick today is more strongly entrenched than ever in the top three of the nation's best sellers — outselling all other cars in America except two of the well-known smaller cars.

One big reason for this success is the strapping new Buick SPECIAL — like the one pictured here.

It's priced right close to those smaller cars — but, like every '56 Buick, it's a whale of a lot more new car for the money.

It cradles a big, new 322-cubic-inch V8 engine that's record-high in power and compression, and crammed with engineering news even the costly cars can't claim.

It makes the most of every bit of power with a new version of Variable Pitch Dynaflo\* that's the most efficient yet. With a new development the engineers call "double regeneration," Dynaflo gives you great new acceleration from the first thrifty inch of pedal pressure. Even before you switch the pitch.

And this '56 Buick cushions you in the softest ride ever. Shows an uncanny sense of direction on every curve and turn. Puts a whole new

feeling of safety, security and solidity into every mile you drive.

So before you buy any car — catch up on the latest news. Come try a '56 Buick. When you see how much new automobile your money can buy, we don't think you'll ever settle for less.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

AIRCONDITIONING at a COOL NEW LOW PRICE It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING

**THE DIFFICULT** American Indian Hoop dance will be executed by two members of the Silver Spurs when they appear at the Legion Hall, June 21st, under the sponsorship of the Play-house Guild.

## Silver Spurs to Execute Hoop Dance

When the Silver Spurs present their two-hour dancing show at the American Legion Hall, June 21, at 8 p.m., they will provide a program starting with authentic western style dancing and finale with a "black light" dance in which the darkened hall is a background for iridescent purple, green, orchid and pink created by the black light apparatus.

Mexican dances, the difficult American Indian Hoop dance, Continental and English dances and a variety of modern waltzes will follow. Later a two-hour audience participation will give everyone an opportunity to dance with this teenage group from Spokane, Washington. The young dancers call their own squares and will teach anyone interested any of the western dances offered in the early part of the program.

The group of 20 boys and girls will leave Spokane in mid-June by bus, accompanied by their director, E. S. (Red) Henderson, two mothers who will chaperone the group, and a driver. This will mark their fifth annual tour and upon returning to Spokane they will have covered some 15,000 miles of western United States.

The local performance, sponsored by the Palm Springs Playhouse Guild, will bring the group to Palm Springs for the first time. The dancers have appeared on television; have been the subject of several films on square dancing for use in schools and for other educational activities; have appeared on radio programs; and their pictures have appeared in many national publications.

Tickets at \$1.50 for adults and 50 cents for children may be secured at the Village Pharmacy and Palm Springs Music Co., according to ticket chairman Joe Clapp.

## Society

**Hildy Crawford, Society Editor**  
Ph. 5005

### Camping Trip

Mrs. Maryanne Arnold and two sons, Hayden and Jeffrey, of 1520 Tachevah Drive, leave the last of the month for Flagstaff. They will camp in Oak Creek Canyon this summer.

Hayden has just graduated from St. Catherine's Military School in Anaheim, and won the riflery medal.

Tenderize chicken and other fowl by rubbing inside and out with lemon juice after cleaning, but before dressing.

### Move To Ranch

The Al Hoovers have returned to their ranch, The Oaks, on La Mesa Miravilla, Cherry Valley, for the summer. After selling their former house here last month they bought a new one just around the corner and will reside at 1400 Buena Vista Drive, when they return here after October 1.

You can remove rust spots from the chrome on car bumpers and grille by rubbing the rusted areas with hand-size pads of folded aluminum foil.

### WHY A DECORATOR

Because a good decorator like a good lawyer is constantly studying. . . . He knows all the new ideas . . . materials . . . sources . . . values. . . . He is a guide and help to your own good taste and judgment . . . he helps plan pleasing colour co-ordination for your home, office or place of business.

REMEMBER THERE IS NO  
SUBSTITUTE FOR EXPERIENCE

## Baby Shower Is Surprise For Mrs. Iverson

Mrs. William Iverson thought she was helping arrange a surprise shower for Mrs. William Peacock Sunday afternoon, but when the two of them arrived at the party the surprise was on Mrs. Iverson. She was guest of honor at a stork shower given by Connie Barleau, Virginia Schuman and Jeanne Hull, at the home of the former, at 1885 Mesa Drive.

There were pink and blue baby bonnets and rattles for each guest, and cigarettes and bouquets were arranged in baby food cans. Beautifully wrapped packages contained gag gifts and the guest of honor was presented with a gift certificate for the baby, which is expected in September. Toys were strung throughout the house, and pink carnations decorated the buffet table.

Invited guests included Barbara Herman, Lynne Jennings, Blake Corliss, Mousie Powell, Dorothy Freund, Lucille Nasko, Ann Lester, Rae Gannon, Jeanne Ballard, Effie Ballard, Lynne Morgan, Peggy Bull, Eve Eckdale, Pat Speer.

## Births

A son, John B. Fletcher III, was born Wednesday, June 6, at Desert Hospital to Mr. and Mrs. John B. Fletcher of 601 East Andreas Road. The baby weighed seven pounds 13 1/2 ounces.

Mr. and Mrs. Don Johnson of 367 South Via Miraleste, are the parents of a son, weighing eight pounds two ounces, born on June 6 at the Desert Hospital.

## Social and Club CALENDAR

(Clubs and organizations are invited to call in calendar dates to 5005.)

### SUMMER SCHEDULE

**Monday**

Bnai Brith, 2nd Tuesday.  
Isaiah Temple, 8 p.m.

**Wednesday:**  
Rotary, Billmore, noon.  
P.S. Business Woman's Club, MFK Drug Store, noon.

**Thursday:**  
Lions, Chi Chi, noon.  
Jaycees, Legion Hall, 7:30 p.m.

## Beauceant Order Is Organized

A preliminary meeting to form a Social Order of the Beauceant, composed of wives and widows of Sir Knights of Riverside Commandery No. 28 Knights Templar, was held last evening in the Masonic Temple in Riverside. Noreen Weisiger was acting president for the meeting and Edythe Fairchild was acting secretary.

Stated meetings will be the second and fourth Wednesday of each month, which is the same night the Sir Knights meet.

Cut flowers last longer if cut in the early morning.

## The Crowning Touch

Given a "crowning touch" of hot fried chicken and chilled cranberry sauce in the shape of a crown, dinner on Father's Day, June 17, will delight and thrill the whole family.

To make the crown, crush contents of 3 one-lb. cans of cranberry sauce in 1 cup water and bring to a boil. Soften 3 envelopes (tablespoons) unflavored gelatine in 1/4 cup cold water and stir into boiling cranberry mixture until dissolved.

Pour into tower mold pan or bowl (6-to 7-cup capacity). Let cool. Then refrigerate until firm. Unmold on serving plate. To complete crown, make a circle of triangular pieces of pineapple and "jewels" of cranberries, cherries, grapes or raisins. Run toothpicks through "jewels" and pineapple and then insert into mold. To serve, cut into wedges.

## Burns Hosts At Al Fresco Dinner

An al fresco dinner in the patio at The 400 Saturday evening was hosted by Mr. and Mrs. Herbert Burns.

Guests included their weekend houseguests, Dr. and Mrs. William Brashears of Fullerton, the Merrill Crocketts, and the Lloyd Whales, who flew over from Long Beach for the weekend.

## Host Barbecue

Mr. and Mrs. A. Lee Parkus of Blue Skies entertained Mr. and Mrs. Adolph Bremer and family, of Desert Isle, at a barbecue. The Bremers leave soon for Laguna, where they have taken a house for the summer, and Mr. and Mrs. Parkus are going to Honolulu.

Next time you plan a casserole with bread crumb topping, try this variation. Use 1/4 cup of enriched corn meal with each cup of bread crumbs. This is especially good with any macaroni and cheese casserole.

Add a gourmet touch to pork roast by rubbing it before baking with a touch of rosemary, ground sage or cloves.

To locate a leak in a gas pipe connection, brush soap suds on the pipe. The lather will bubble where the gas is escaping.

## Kirk Marvin Is Valedictorian

First Lieutenant Kirk Marvin, who is a student at Elsinore Naval and Military Academy, is at home with his mother Mrs. Roma Marvin. Kirk, who was valedictorian of his class, won the academic award and also the swimming trophy.

The Marvins leave the first of July to spend the summer in Estes Park, Colorado.

Mrs. Marvin's sister and brother-in-law, Dottie and Dick Davis of Indio left Monday for Phoenix and she will go on to Estes Park, while he returns home.

Defrost fruit before opening the carton. Home economists at the American Can Co. said the fruit color remains brighter, the fruit of better quality as a result.

**NEW PRESIDENT** of the Cathedral City Area Business Association, Ivan Sharp (center) is congratulated by Orvil Zappe, outgoing president. Alice Otto, left, has been elected secretary of the organization for the coming year. Robert Hollister, operator of Tramview Trailer Park is co-chairman and Joe Illig of Palo Verde Apartments was elected treasurer. The association will continue to hold meetings throughout the Summer months, and there will be luncheon meetings the first and third Wednesday of each month. The organization was organized last year for the express purpose of instilling civic responsibilities amongst the business and professional people of the Cathedral City area. (Desert Sun Photo).

## Palm Desert

By GRETCHEN CHEESEMAN

An art exhibit was held at Lazy R Ranch last Saturday sponsored by the Pauma Valley Women's Club as a benefit for crippled and underprivileged children in that region. Many well-known artists exhibited their paintings, one of which was Mrs. Bunny Ward, whose "Twenty Mule Team in Death Valley" was received with enthusiasm. Mrs. Ward also exhibited her hand-painted baskets and hand bags.

Mrs. Vernon Peck of Sunland spent a day or two with Mr. and Mrs. C. Bosworth. Mr. and Mrs. Edgar Sergeant spent three days in San Diego. They returned to their home here on Shadow Mountain Drive for one night and then flew back to Richland, Mich.

Miss Virginia Ray, daughter of Mrs. E. Reichert arrived yesterday for a 10-day visit. She is attending the University of New Mexico, and will return for an eight-week summer session.

Mr. and Mrs. Robert Keedy and children, Barbara and Doug, spent last weekend in Pasa Robles. Mrs. Keedy greatly enjoyed her high school re-union—a twenty-fifth one to be exact!

Mrs. Kay Oleson has gone north for a few days to attend her son's graduation at Menlo Junior College in Menlo Park, Calif.

Miss Karen Allabaugh and Miss Carol Connell, Delta Gamma of UCLA are spending 10 days in the desert. Mr. and Mrs. Joe Allabaugh are joining them for a week. They are occupying Mr. Allabaugh's sister's home while here—the sister being Hazel Sergeant!

Mrs. Marguerite Estes, who has

spent the winter here, will leave around June 15th for Beverly Hills, for her summer vacation.

Mr. and Mrs. Allen Worcester are enjoying their Sun Lodge this week. They are enthusiastic summer visitors.

Mrs. Jack Singler gave a pre-birthday party for Phillip Singler, last Saturday evening at the Desert Moon Guest ranch for 27 of his classmates, many of whom will be gone for the summer when Phillip's birthday arrives the last of June. The children had an evening of dancing, contests and refreshments. Chaperones for the party were Mr. and Mrs. Floyd, and Mr. and Mrs. Singler.

accompanied by Mrs. Katie Kosovich, and Mrs. Mary Pedersen, all of Los Angeles, were Friday evening callers of the Norman McRae's, on their way to Colorado for a two weeks' vacation. Mrs. Kosovich is going on then to Detroit for the summer.

Mr. John Waldron, a fireman from Los Angeles, was a weekend caller at the home of his aunt Mrs. Grace Hammaker.

Mr. and Mrs. Elton Mills and children were Disneyland visitors recently.

Mr. Mathew Geckle of Los Angeles, visited his mother, Mrs. Mary Geckle, over the weekend.

## Thousand Palms

Mr. and Mrs. Herbert Nelson, of Indio have spent a few days at the El Descanso, awaiting a new manager, for Mr. and Mrs. L. C. Chapman must go to a cooler climate for Mr. Chapman's health.

Mrs. Mary Johnson is spending a few days with friends in Los Angeles vicinity and will visit with Mrs. Kranz, also, in Los Angeles. Mr. Kranz is recovering from the heart attack but it will be a month before he can come home.

Mr. Dewey Wallace left here by bus to attend the graduation exercises for his daughter, Miss Joan Wallace, from Whitworth College in Spokane, Washington, Monday. Mr. Wallace will return Wednesday accompanied by Joan, while Dewey Wallace Junior is remaining in Washington until fall.

We are very happy to report that Mr. Fred W. Hess is feeling better, too, after his recent illness.

Cooler Living

...Electrically

There are so many ways you can plan for climate control in your home with the help of electricity.

You may want to take advantage of central heating and cooling systems controlled or operated electrically.

Or you may want to use flexible room air-conditioner units to make your living-dining room comfortably cool.

CALECTRIC HAS A FREE  
AIR CONDITIONING ADVISORY  
SERVICE. IF YOU WANT US TO  
HELP YOU SOLVE YOUR  
SUMMER COOLING PROBLEMS PHONE, WRITE OR VISIT YOUR  
LOCAL CALECTRIC OFFICE.

CALECTRIC AIR CONDITIONING  
P. O. BOX 512, RIVERSIDE, CALIF.

Your local electric appliance dealer carries a wide variety of air conditioning equipment to help you "Live Better Electrically." His low, easy payments can make your dreams of better living-electrically, come true today.

**CALIFORNIA ELECTRIC POWER COMPANY**

Mr. and Mrs. Elton Mills were Los Angeles callers Wednesday evening.

Mr. Shannon Morrison from Elsinore, was a desert visitor Thursday evening.

Mrs. Jonny Nelson and Miss Elizabeth Nelson were Los Angeles visitors last weekend when they drove in to see Don Ameche in "Silk Stockings" put on by the Los Angeles Civic Light Opera Association.

## Unedited

**TRIED FOR MORE** than a week to confirm a story heard regarding Elsinore Machris Hill-land. Finally saw her at the Chi Chi. And she confirmed the story that she had rushed to the bedside of cancer stricken Ray Hill-land who only two weeks ago lost a court battle to obtain \$4,000 a month separate maintenance from wealthy Elsinore.

"The hospital in Phoenix telephoned that if I wanted to see my husband alive to rush to the hospital. Sure I am divorcing Ray but I am not heartless. Yes, Ray is in a very serious condition following a second operation on his throat for cancer," she declared. "I do not know how long he will live but according to his physicians, it may not be long."

Bud Herman of the Vista del Sol is in there pitching hard for what may end up in a terrific

## Queen Anne Home, Built For Cherry Festival, Termed Royalty In Design

The "Queen Anne" house built by Cecil Hanvey for the Beaumont "Parade of Homes" is royalty in home design and construction.

The home is constructed of rough redwood and shake shingles and finished in yellow and cocoa brown for a distinctive appearance fit for the residence of a king. Its circular drive and unusual floor plan make it a distinctive home.

One of the major features of the "Queen Anne" home is the desert stone fireplace constructed with the skill of dry bond masonry. The corner location is accentuated by the home's three bedrooms and one and three-quarters baths with 1,440 square feet of living space. Outstanding features of the interior include back walnut wardrobe closets with matching kitchen cabinets. All beam ceilings in the living room and dining room add to the quaint attractiveness of the interior, while such modern touches as a built-in vacuum cleaner system, forced air heat, intercom system, sliding glass wall to back yard, covered back porch and radio-controlled garage door add all the modern conveniences to the old world design.

Hanvey is one of the nine Beaumont contractors cooperating in the construction of the Parade of Homes in Beaumont Manor which will open June 15 in conjunction with the annual Beaumont Cherry Festival. The homes will be open for public inspection and thousands of tourists are expected to visit the homes.

The "Queen Anne" home will feature special furnishings designed to complement its special charm. The home will be furnished by Wilson and Fields of San Bernardino to demonstrate the

## Services Held For Alice Spoonemore, Long Village Resident

Funeral services were held Monday for Alice M. Spoonemore, 68, who died at Desert Hospital last week following an illness of three days.

A native of Rochester New York, she lived in Palm Springs for 15 years.

She is survived by her husband, Ira Spoonemore, 156 South Indian Avenue; two daughters, Isobel Moore of Weisbaden, Germany, and Jeanne Spoonemore of North Hollywood; two brothers, Raymond J. Anderson of Rochester, N.Y., and Walter Anderson of Auburn, N.Y.

Interment was in Montecito Memorial Park, with Wiefels and Son Mortuary in charge.

## Miles Slocum, Winter Resident Here, Dies At 68

Miles Standish Slocum, 68, Palm Springs winter resident at Smoke Tree Ranch, died Thursday in Pasadena. Private services were held at Turner and Stevens Mortuary in Pasadena.

Slocum was born in Ossining, N.Y., in 1887. His parents were the late Colonel and Mrs. Herbert J. Slocum of Washington, D. C., attended Holbrook Military Academy in Ossining, and later Princeton University from which he was graduated in 1910, as a civil engineer. He then joined the engineering firm of Stone and Webster of Boston.

Later he was associated with the firm of Harris, Forbes & Company of New York. In World War I he served two years in the United States Army emerging as a Captain in the Engineering Corps. After his discharge from the Army he and his brother, Herbert J. Slocum, Jr., formed the Slocum, Avram, Slocum Company, an experimental laboratory for de-

## Warren Linville Will Direct Dakota Reading Clinic For Summer

Warren Linville, principal of the Nellie N. Coffman Junior High School, announced this week that he had accepted an appointment as director of the Reading Clinic at the Northern State Teachers College.

The college is located in Aberdeen, South Dakota, and Linville will hold the position for the 1956 summer session. He will return here to resume duties as principal at the Junior High school.

Linville has just completed his seventh year with the Palm Springs Unified school district and has specialized in reading the past nine years. During this period he has studied and worked with Dr. Marion Monroe of the University of Southern California and Dr. Selma Herr of Tulane University.

Among some of his other appointments, Linville has taught courses at University of California Extension Division in the field of reading, and also has taught several classes in speed reading for the adult evening school in Palm Springs.

WARREN LINVILLE

## Discourtesy Held Basis Of Most Traffic Violations

SACRAMENTO—The California Highway Patrol believes that courteous drivers obey the law.

"This belief is sustained by the fact that most of our traffic laws are based on courtesy and violations are usually discourteous actions," says Patrol Commissioner B. R. Caldwell. "Many times the traffic law violator interferes with other drivers by cutting in and out of traffic, grabbing the right-of-way and racing through stop signs and traffic signals."

Other discourteous acts include failure to signal intentions to turn or stop, following too closely, and failure to dim lights at night," Caldwell continued. "With the Patrol issuing about 65,000 traffic citations each month, it appears there are far too many discourteous drivers in California today."

## Mail-Box, Flood Lights Are Stolen

Ted Charleston, a carpenter, notified police Monday that the mail box and two flood lights had been taken from the residence of Nathan M. Orhback, 369 Hermosa Place. Police are investigating the theft.

Today's traffic calls for a lot more courtesy demonstrated through obedience to the traffic laws.

signing machinery. In 1926 he retired from the firm and moved to Pasadena.

Mr. Slocum is survived by his widow, Mrs. Isobel S. Slocum; and two daughters, Mrs. Slocum Wilson of San Marino, and Miss Carolyn O. Slocum of New York City; and one granddaughter, Carolyn B. Wilson of San Marino; and one nephew, John Jermain Slocum of Washington, D. C. Services will be private.

youth, beauty,  
**Chevrolet,**  
action!

The new Bel Air Convertible with Body by Fisher—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars?  
Want to send pleasant little tingles up and down your spine? Want to drive the new car that politely murmurs "Move over, big boy" to the high-priced jobs? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motoramic styling. The other is record-breaking V8 action.

Hollywood has words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the adjectives will take care of themselves. Once you've sampled

Chevy's hair-trigger reflexes and nailed-down stability, you'll see why it's one of the few great road cars built today!

Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And this sweet-handling, sure-footed Chevrolet clings to curves like part of the pavement.

Stop in sometime soon and highway-test the record-breaking new Chevrolet.
